# Update your Zoom Client (App)

Updating your Zoom App is easy, there are 2 different ways that end up at the same place:

1. Go to **zoom.us/download**, click on the 'Download' link and install the update. This is what you'll see:

Zoom Client for Meetings

The web browser client will download automatically when you start or join your first Zoom meeting, and is also available for manual download here.

Download   Version 5.5.4 (13142.0301)

2. Go to **zoom.us**, click on the '**Resources**' button (top right) where the first choice is **'Download Zoom Client'**. This will take you to the screen shown in #1 above
