Meeting ID: 942 6918 0206. Passcode: 488269

Dial in on: 1 669 900 6833

While we will be discussing the current agenda and soliciting suggestions for the upcoming Annual Meeting (the current draft is attached), our main focus will be on our Area Representatives. I've attached discussion drafts of the job description for the Vice President (the officer directly responsible for the ARs), the job description for the AR Coordinator and the job description for the AR. Your comments would be most appreciated.

Perhaps more importantly, I would appreciate you considering the following questions: As Big Sir (or other branch officer), what would I like my relationship with my assigned AR to be? What do you believe the responsibilities of an AR should be relative to your branch? How can they best help you?

We will provide your insights at the workshop for ARs at the Annual Meeting where we will ask them to provide their input relative defining the job description and responsibilities for the AR position and AR coordinator position.

Following the receipt of this input, the Board will determine the job descriptions for these positions and announce them.

I look forward to talking with you Friday at 1 pm.

Best

Rich
