If required: the Meeting ID is: 942 6918 0206. and the Passcode: 488269

You can also dial in on 1 669 900 6833

At this meeting, we will determine if there is a better date and time for future meetings so that they can be calendared. We will have introductions and go over the ground rules which will apply to the meetings. My goal, as I have previously stated, is to get input from each of you, so we need a procedure to ensure each of you can express your thoughts on the specific topic being discussed without the meeting going on for hours. My target is for these meetings to last one hour with flexibility up to 1 ½ hours depending on the topic. If we need further time to discuss the topic, we'll schedule time at a future meeting. Your time is important to you and I don't want to infringe too much on it but I do want to get your input.

I'm attaching the final roster. The topic I'd like to address tomorrow is what action State SIR should take in the event branches do not timely comply with their reporting obligations, including consequences for non-compliance.

As I mentioned at the Annual Meeting, this is a serious problem since State SIR needs information to fulfill State and Federal reporting requirements as well as make available to the Branches.

Again, thank you for volunteering. Together I believe we can address many of the challenges SIR is facing. The result of your labors will be seen, but I believe your assistance will strengthen SIR, make it more open and cooperative and result in a much better direction for the future.

See you tomorrow.

Best

Rich

Branch Advisory Council
